

IBRAHIM O. OLADIPUPO

Frontend Engineer

Email | [Linkedin](#) | +2349133601952 | [GitHub](#) | [Youtube](#)

Creative and detail-oriented Frontend Engineer with 4+ years of experience building fast, responsive, and accessible web applications using React.js, Next.js, Tailwind CSS, and TypeScript. Proven ability to deliver modern UI/UX designs, optimize frontend performance, and integrate seamlessly with RESTful and real-time APIs. Skilled in component-based architecture, state management (Redux/Context), and frontend testing. Passionate about clean code, user-first experiences, and collaborating with cross-functional teams to deliver high-impact products. Also experienced in backend integration using Java Spring Boot, enabling strong end-to-end product delivery.

PROFESSIONAL EXPERIENCES

Newmeric - Frontend Engineer

December 2024 - current (part-time)

- Developed responsive and dynamic UIs using Next.js, React, and Tailwind CSS, improving mobile responsiveness and user engagement by 30%.
- Integrated Supabase for real-time authentication and data syncing, reducing backend calls and improving user experience.
- Built reusable UI components and implemented client-side routing and server-side rendering (SSR) in Next.js.
- Collaborated with backend developers to consume APIs, improve data rendering efficiency, and deliver product features in agile sprints.

Hansfelz Technology Limited - Frontend Engineer

October 2023 - August 2024 (full-time)

- Designed and implemented dashboard UIs and client portals using React, Tailwind CSS, and Chart.js for real-time analytics.
- Built secure admin portals with role-based UI states integrated via JWT and local/session storage.
- Optimized web performance using lazy loading, code splitting, and responsive design principles.
- Collaborated with designers and backend engineers to translate wireframes into fully functional features with pixel-perfect precision.

Avigo - Frontend Engineer

July 2021 - September 2023 (full-time)

- Built custom ecommerce platforms, corporate websites, and CRM interfaces using React, Redux, and modern CSS frameworks.
- Ensured accessibility (WCAG compliance), cross-browser support, and high Lighthouse performance scores.
- Developed component libraries and design systems for consistent UI across client projects.
- Integrated third-party APIs (e.g., payment gateways, analytics tools) with seamless frontend handling and error states.

Technical Skills

Frontend: React.js, Next.js, Tailwind CSS, TypeScript, JavaScript (ES6+), HTML5, CSS3, Sass, Redux, Context API, Axios, Chart.js

Backend (supporting skills): Java (Spring Boot), MySQL, Supabase, REST APIs, API Security

Tools:- Git, GitHub, Vite, Webpack, Postman, Figma, Responsive Design, Unit Testing (Jest/React Testing Library), CI/CD, SSR & SSG

EDUCATION

- Advanced Diploma in Software Engineering, *Aptech Computer Education* (2023 – 2024)
- Certificate of Proficiency in Information Systems Management, *Aptech Computer Education* (2022 - 2023)
